JOB PRINTING.
Book, and every description of Commercial and
Law Printing, in the best manner at Gazette Job
Rooms.

Edison has so perfected his phonograph
that it is singing in concerts in New York
with great success.

Mrs. Jenks has finished her testimony
and the Democratic members of the Com-
mittee are very glad of it.

A signal station has been secured at the
State University. This is an important ad-
dition to that Institution.

The New York Herald says Hayes is the
latest Presidential candidate for 1880, and
that his strength is of the growing kind.

The members of the Editorial Conven-
tion, left Madison this morning at 3 o'clock
in three Pullman cars for Lake Superior.

Stevens Point, a modest town on the
Wisconsin Central, has 27 saloons—one to
every 150 inhabitants. The members of the
editorial convention took breakfast
there this morning.

Butler is now thoroughly convinced that
Sherman never entered into an agreement
of any sort with Anderson and Weber. He
is a part of the Democratic Committee.
Now let the others speak.

Out of the 117 graduates of Yale College,
this year, 81 are Republicans, 23 Demo-
crats, and 17 Independents. As between
Republicans and Democrats, this is a fair
indication of which party is being educated.

A gentleman in the city of Brotherly
Love who in his gifts never lets his right
hand know what his right hand doeth, has
given \$25,000 to the Centennial fund of the
Philips Academy, at Andover, Massachu-
setts.

A small number of Republican papers
claim that a few Cabinet changes are great-
ly needed at the present time to give unity
and vitality to the Republican party. The
Republican party can gain unity and vitality
by attending to its business, and letting the
President and his Cabinet alone.

The able Washington correspondent of
the New York Tribune, in glancing over
the work of the House of Representatives
for the session just closed, comes to the con-
clusion that the whole thing has been a
failure for the reason that the Democrats
have had no leader. They have had a
leader, but have been led the wrong way.

Alexander Stephens has gone home from
Washington, and has promised to speak to
the people of Augusta this week, on the political
questions of the day. He will defend his course in Congress, and
will announce his candidacy for another term.
He will thus test the sentiment of his District on the question of investigation.

A Boston paper says that the glass coffin
factory at Orrville in Massachusetts has
been in operation about four months and
orders are coming in rapidly. The company
employ from seventy to one hundred hands.
The coffins are made of glass with
cast-iron frames. They are perfectly airtight,
and can stand in water for years without injury to the injury.

The Democrats have had a splendid op-
portunity during the past two Congresses
to show that "reform is necessary." They
harped on these quoted words considerably
in their national platform in 1876, but they
never were known to practice what they
preached. They continually boast of economy,
but in Congress they do not carry out
their boasted economy. At the session just
closed, 160 millions of dollars were ap-
propriated. This is a greater amount than
the Republicans appropriated in 1871 or
1872, when the expenses of the Government
were necessarily heavier than they
are now.

The Greenbackers of the First Congressional
district are taking of nominating Charles H.
Parker of Beloit, for Congress. It will not do
the district nor the Republican party any harm,
and will please Parker immensely. It will be
harmless political by-play.—Wisconsin.

Parker will no doubt be the Greenback
candidate. He is not hard to please and
would regard his nomination, even though
he be beaten by 5,000 votes, a great honor.
As the Democrats in the First District
have no settled financial principles, but
change about from hard money to irre-
deemable paper to suit the times, they
will probably give Mr. Parker their sup-
port for Congressional honors. They
might as well throw away the votes on
him as any one else.

There is being a good deal said about the
recent defeat of the Republicans in Oregon
and the whole responsibility is thrown up
on a "Republican faction." If any one
is to blame for the election of a Democratic
Legislature in that State whereby a Demo-
cratic United States Senator is secured, the
blame must fall on the shoulders of Senator J. H. Mitchell. That gentleman's career
in Congress has not been such as to secure
the confidence and respect of his constituents
in Oregon. He has been rather loose
and has linked his fortunes with railway
jobbers and other schemes which are detri-
mental to the interests of the people.
Mitchell's official career terminate on the
3d of next March.

A special dispatch from Washington to
the Chicago Journal says nearly all the
members of the Republican Congressional
Committee remained in Washington after
the adjournment of Congress to consult and
arrange for the coming political campaign
in the various States. Reports received
from the different sections of the country
are of the most satisfactory character, and
indicate a determination on the part of the
Republicans to make a hard struggle to se-
cure control of the next House. Members
of the committee say that they have reason
to believe that the Republicans will gain
several members in the South, especially
in North and South Carolina. A gain of
two members in West Virginia is also con-
sidered expected.

THE INVESTIGATION.
Nothing New Brought Out.—The Lou-
isiana Commission.

WASHINGTON, June 25.—There was little
of interest in the Potter committee to-day.
Ex-Marshall Pitkin was partially examined
but no questions were asked to bring out
the interesting facts he knows.

The Florida case will be taken up to-
morrow, and the great confessor, Dennis, is
expected to testify.

A story is now current to the effect that
the Democrats will soon produce the orig-
inal of the so-called Sherman letter. That
it has come into their hands since Mrs.
Jenks testified on Saturday; that it is custom-
arily decided to let it be examined in con-
nection with the interesting facts he knows.

MISCELLANEOUS.

SANFORD'S RADICAL CURE For CATARRH

A purely vegetable distillation entirely unlike all other remedies.

In the preparation of this remarkable remedy every herb, plant and bark is subjected to digestion, whereby the medicinal principle is extracted and concentrated, so that nothing remains in the still is inert, valuable, and totally useless for medicine. All all aromatic and volatile compounds of woody fibre; all tinctures, saturated solutions.

SANFORD'S RADICAL CURE

Is a local and constitutional remedy, and is said to be a radical cure for Catarrh, Consumption, Inflammation and pain, and at once expelling, cleansing, and purifying the secretions. Internally it acts as a tonic, and externally it has the power to keep the skin moist, and neutralizes the acid humors, drawing its way into the stomach and thence into the blood, and thus propels both directions, and it does not seem possible for man to adequately to devise a more rational treatment.

SURPRISING CURE.

Gentlemen.—About twelve years ago while I was a member of the New York Dragoon Troop as a tenor singer, I took a severe cold and was laid up at Newark, N. J. This cold brought on Consumption, and I was unable to get well, and was finally obliged to give up a most desirable position in the army, and return home.

For three years afterward I was unable to sing at all, and was so sensitive that the slightest contact would bring on a fresh attack, leaving me prostrate, and unable to get well again.

The severest I ever had was terrible, and forced the most excruciating pain in my head, was compelled to lie down, and could not move excepted incessantly. I thought I was going into quick consumption, and I firmly believed that had this disease continued, I would have been a victim, and would have rendered me an easy victim. When in this distressing condition, I commenced the use of Dr. Sanford's Radical Cure, and after a few reluctant feebles, as I had tried all the advertised cures, I found the first dose of this wonderful medicine gave me relief, and I was soon well again.

It is hardly possible for one whose head aches, eyes aches, and has a constant pain in the head, to account of the choking accumulations in his throat, to receive a more rapid relief, obtained from the application of a few drops of this wonderful remedy. Its influence, both internal and external, rapidly removes all the symptoms of Consumption, since, having been cast out from California, forty-first time in two years.

Respectfully yours,

GEO. W. HOLBROOK,
WALDEN, Mass., Jan. 8, 1878.**WALDEN'S RADICAL CURE OF GEO. H. HOLBROOK.**

Each package contains Dr. Sanford's Improved Inhaler, tube, with full directions for use, in all cases. Price, \$1.00. For sale at all Wholesale and Retail Druggists throughout the United States and Canada.

WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

COLLINS' VOLTAIC PLASTER

An Electro-Galvanic Battery combined with a highly Medicated Plaster containing the choicest medicinal Gums and Balsams known to modern Pharmacy.

These Plasters have now been before the public for two years, and notwithstanding the immense number of sales, and orders for plaster, they have steadily increased in sale and merit, universal supply, and are now in great demand, and many solicited testimonial in our possession. Many remarkable cases have been certified to by well known physicians, and we can furnish you with copies of which will be sent free of charge to any ordering person. Improvements in many ways have been made, as well as in the quality of the case, until it is believed that they are now perfect in every respect. We are anxious to have them in the hands of a single dealer. The price is \$1.00, although the cost of production is much less. We are notwithstanding the efforts of the proprietors to make the best plasters in the world for the least money, and we are anxious to have all the members of subscription dealers will be found ready to make a good profit, and for others who are endeavor to make a good profit.

COLLINS' VOLTAIC PLASTER

Have it if you have to send it to us for it.

Sold by all Wholesale and Retail Druggists throughout the United States and Canada, and by Weeks & Potter, Proprietors, Boston, Mass.

PIANO-FORTE REPAIRING!

Mr. G. W. HERSEE

The Beloit Cornet Band discoursed

July 12, 1877.

THE GAZETTE.

WEDNESDAY, JUNE 26, 1878.

HILTON JUNCTION.

—The ladies of this town not to be outdone in temperance reform work, have organized a society known as the "Ladies' Golden Star Institute of Temperance." It starts in with twenty-three members and will hold its sessions each second and fourth Tuesday nights of each month.

—Remember Joseph Cook's lecture at the Congregational church in Janesville, July 2. He is a wonderful orator. Tickets can be had at Moseley's. No extra charge for reserved seats.

—Some twenty-five persons went from this vicinity on Sunday afternoon of last week, to attend a social festival and donation for the benefit of Rev. A. Cornwall, at Albion. The long continued sickness of his estimable wife and other members of his family, has of necessity drawn so largely upon his time and means, as to cause his friends to desire to give him a substantial token of their sympathy, which was heartily expressed on this occasion.

—Mr. M. R. Coon gives us as good a record of the product of two cows as we have heard of yet. He has sold Mr. Button 100 pounds of butter made from them, the past six days, besides feeding two calves and using all the milk and butter necessary for family use. Beat it, who can!

—A little five-year-old girl of one of our citizens, after repeating her little prayer, the other night, on going to bed was told by her mamma, to say amen. The little one hesitated a moment, and then said, "Mamma, I don't like to say amen, I would rather say, a-girls." There's modesty for you.

—The warm weather is just literally causing corn to jump. The change in the past week, has been wonderful.

—The dry weather, the past ten days, has hindered tobacco men very much from setting the crop. Many whose plants are getting too large, are watering them out.

—Dr. Sawyer, of Fort Atkinson, has lately purchased the Steamer Corinne from parties in Madison and placed it upon Lake Koshkonong to ply between Fort Atkinson and the foot of the lake. The Doctor is a success in whatever he undertakes and knows no such word as fail.

—George Monell, of Koskkonong hotel, is out with a flaming poster advertising a celebration comprising Balloon ascensions, races, music, dancing, firing of salutes, fire works, etc. etc. The steamer Corinne will be on hand to add its mite to the pleasure of the occasion. The proprietor will make things pleasant for all who visit him on grounds on the fourth.

—Mrs. Menzies has been suffering for some time from a severe attack of paralysis, but under the skillful treatment of Dr. Coakley, is rapidly recovering from its effects.

—The Temple of Honor has had several new and important accessions to its ranks recently, and is, in all respects, in a strong and flourishing condition. It is a tower of strength to the temperance cause in this place.

—Mr. C. S. Vincent finished his round as assessor on Monday, having made the canvass in 28 days, being the quickest time he has ever made, and at an average of about one-half the expense to the town that neighboring towns will have to pay this year. Experience is money.

—Rev. W. C. Titworth, of Farina, Illinois, preached in the S. D. B. church in this place on Saturday morning, to a large and appreciative congregation, several visiting brethren were present from abroad who were here attending the association held at Milton last week.

—Charles Clark and wife, of Rockton Illinois, gave us a pleasant call on Sunday in connection with their attendance upon the association.

—The people living in the neighborhood of Mr. McRae and McCollum have been considerably exercised a few days past, by a crazy or eccentric specimen of humanity who has been hanging around that vicinity, and succeeded in getting up quite a scare. A favorite pastime of his being it would seem chasing the school children and in two instances at least chased the school master with a club, breaching terrible threatenings, should he succeed in catching them. He is barefoot, swift of foot and seems to spring up from bush and roadside at times and places where least expected, although seeming sly. A good subject for the jail or asylum. No complaint has as yet been lodged against him.

—By a late order of the contract office of the Postoffice Department, the terminus of the mail route No. 25004 from Milton to Monroe is made at this place.

—Mr. William Wood has been quite sick with inflammation of the lungs and with rheumatism for some days past, which with his mashed limb as a memoir of the big blow, is about all poor human nature can stand. We hear he is gaining from his illness and hope soon to see him around again.

—Remember the celebration at the lake the Fourth of July under the auspices of the Temple of Honor. Temperance and patriotism will join hands and a good time may be expected.

CLINTON.

—Already the murmurings of the people are heard because of the dry and parched condition of mother earth.

—Thousands of acres of rank and luxuriant clover are being secured in this region during this favorable dry spell of weather.

—Several loads of young men and maidens went to Delavan Lake last Saturday, to participate in the dedication of the new hotel and grounds at lawn park.

—H. P. Strong, of Beloit, passed through Clinton last week on his way to Colorado, where he will spend a few weeks visiting and searching for a new stock of physical vitality.

—Prof. W. H. DeMotte, the much abused Principal of the Wisconsin Deaf and Dumb Institute, and his son Marshall called on us while waiting for the train, on their way home from Commencement exercises at Alma Mater, Newcastle, Indiana.

—Last Friday evening the ladies Baptist sociable took possession of the residence of D. G. Cheever, and filled it to overflowing with a genial and happy gathering of their friends and sympathizers. The front yard was illuminated with Chinese lanterns, Captain Cleghorn and his allies had prepared a rare treat in music, while the strawberries, cream and cake were most luscious and toothsome. One of the pleasantest episodes of the evening, was a reading by Anna Belle Springer, Miss of but 5 years who reads like an old and experienced electionist.

—C. B. Tallman, Esq., cashier of the Citizens Bank of Delavan, worshipped in Clinton last Sunday, and was warmly greeted by his numerous friends.

—Norwood Bowers, Esq., of West De Pere, and his brother Erwin Bowers, of Belvidere, Illinois, are now visiting in Clinton and vicinity.

—James Baldwin, who since the war, has resided in Washington D. C., and vicinity, is now home on a visit for the first time in many years.

—The Clinton and Delavan cheese factories sold a car load of cheese last Saturday to A. A. Ayer & Co., of Montreal, Canada, for seven cents per pound. It will go forward on the 26th inst. Those factories are now making about a ton of choice cheese daily.

—Covert & Cheever have moved their heavy goods into their new back store and are now overhauling the front room and making needed repairs and improvements. When completed they will have one of the pleasantest, and most convenient drug stores in the county.

—The Beloit Cornet Band discoursed

Sweet music to our citizens Saturday, while waiting the motion of trains here, as they passed to and fro from Beloit to Delavan.

—Many of the Clintonians attended the Old Settlers' Reunion at Delavan on the 19th inst., and claim to have had a glorious good time. The address by the Rev. Mr. Collie, and the several obituaries spoken, were well spoken of. That venerable organization will meet in Whitewater, next year.

VEGETINE

Is Recommended by all

PHYSICIANS.

VALLEY STREAM, QUEEN CO., LONG ISLAND, N.Y.

Mr. H. R. STEVENS.—

Dear Sir,—I take the pleasure of writing you a small certificate concerning Vegetine prepared by me for binding, authorized or required by the laws of the State of Wisconsin, until the day of the act, or, if later, until the day of the filing of the same in the office of the Secretary of State, for the purpose of giving notice to the public that the same is liable to be paid, for the period of two years from the date of filing, for the service rendered, and for the payment of the costs of the same.

By Dr. T. B. Young, M. D., for DR. THOMAS B. YOUNG.

VEGETINE.—When the blood becomes

and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any disease, the vessels become torpid, and the action of the heart becomes feeble, and the circulation of the blood is impeded.

VEGETINE.—The doctor's certificate, Head, chest, &c.

DR. H. R. STEVENS, 1878.

ASHLAND, WISCONSIN, Jan. 14, 1878.

Mr. H. R. Stevens.—

Dear Sir,—This is to certify that I have been suffering from a Rose Cancer on my right breast, which grew very rapidly, and all my friends had given up to die, until I had my name registered in the American Vegetine Society for Cancerous Humors. I commenced to take it, and soon found myself beginning to feel better; my health improved, and I am now in full possession of my strength again. The doctor's certificate, Head, chest, &c.

DR. CARRIE DEFOREST.

I certify that I am personally acquainted with Dr. DeForest, and consider her one of the best women physicians in the State.

DR. H. R. STEVENS.

I certify that I am personally acquainted with Dr. DeForest, and consider her one of the best women physicians in the State.

THE GAZETTE.

WEDNESDAY, JUNE 26, 1875.

CITY AND COUNTY.

BRIEFLETS.

I scream.
—A fine shower.
—Prepare to picnic.
—Get out your mosquito nets.
—Tapan's museum opens this evening.
—The Sons of Temperance will give a lawn party and dance at the residence of Mr. Stickney near the depot to-night.

The postmaster wants to see twelve ladies and twenty-five gents. He has letters for them and wants them to come and take them away.

By all means don't fail to secure a seat for Joseph Cook's lecture, on the 21 of July. As a speaker and thinker, he has no superior on this continent.

Larry Sullivan, of Beloit, was brought here again, last night, to stop with Sheriff Colley for sixty days, for drunkenness. Will he never learn better than to get drunk?

William Lepper, charged with burglarizing Mr. Lytle's store at Footville, was released, yesterday, on a writ of habeas corpus, but was immediately re-arrested on a new complaint.

Mr. P. Williams, who has now taken up his residence in Milwaukee, was in the city to-day. Mr. Williams is now general agent for a flourishing life insurance company.

There was nothing new done in the Snell case to-day. The attorneys are hunting about for more law before taking further steps in perfecting their appeal to the Supreme Court.

Mr. Gove, of Benton & Gove, type founders, Milwaukee, was in the city to-day on business. These young men have by enterprise and excellent business management, built up a large business.

Mr. William Grange, who, for the past twenty years, has been cashier of the McKee Brothers, is lying at the point of death at his residence in the Second Ward, with little or no hope for his recovery.

Appearances would indicate that Alderman Church, Chairman of the Committee on Highways, Streets and Bridges, is bound to enforce his burdock-thistle order, as parties are busy to day, destroying these growing pests in the streets.

The Bower City Boat Club will meet this evening at the office of A. C. Bates to arrange races for the coming Fourth. The Club has arranged so many times for races, and been disappointed by too much water in the river, that they won't feel certain that there are to be any races until they are in their shells, ready to start out.

The Congregational church and society met again last evening to consider the question of rebuilding the chapel. After considerable discussion a committee consisting of Messrs. Isaac Farnsworth, David Jeffries and David Wood, were appointed to procure estimates and to report at a meeting to be held at some future time.

Marshall Keating wishes to warn everybody to clean up all sorts of nuisances. Mrs. Nicoletus & Conover, of Madison, the former of the State University, have just completed a wall map of Wisconsin. It is by far the completest, the most correct, and the most valuable sectional map of the State that has ever been published. The size is 55 by 72, and has required three years of hard and painstaking labor to complete it.

The publishers claim for this map, and the claim has been substantiated by critical tests, that it is exactly correct in every particular, so far as the most perfect surveys afford information. Every stream, lake, swamp, railroad and village is located with conscientious exactness upon the particular fraction of a section which it occupies.

The index border with the accompanying guide book affords unerring direction to every post office, railway station, lake, village, Indian reservation, island and meandering stream. The guide book is a neat pamphlet of forty-eight pages containing every post office, village, etc., alphabetically arranged with references to index border as above mentioned. It is something new in map making and will be found a valuable addition to the map which it accompanies. A small political map in the left hand lower corner of the main map is also an interesting feature. Critical judges will find great satisfaction in the manner in which the mechanical work is done. Every name and line is distinctly traced. Wherever the map has been shown, it has called forth the highest praise especially from those who appreciate a good map. The price is moderate being only \$7.00.

Mr. Fred K. Conover is in the city and will bring the map to the attention of the educational and business men of Janesville.

Superintendent Whitford pronounces it unsurpassed in completeness and correctness. Prof. J. H. Carpenter, of the University, says it is a grand work and should be in every school house in the State; Prof. Edward Searing publicly states that no map of Wisconsin yet published will bear comparison with it. Such compliments as these are numbered by the hundred.

BASE BALL.

MILWAUKEE, June 25.—A small crowd greeted the Providence Club on their first appearance in the city to-day. The game was of no interest to the friends of the home Club, for it resulted disastrously to them. The score at the close was 11 to 4 in favor of the visitors. The first two or three innings were comparatively well played, but in the fourth the Milwaukees began to weaken, and the victory was an easy one for the Providence Club. The result of to-day's work has proved conclusively that the Milwaukees can do nothing until their new catcher arrives, Foley, though willing, is totally unfit to fill the position.

Innings..... 1 2 3 4 5 6 7 8 9
Providence..... 0 0 2 0 2 1 4 0 2-11
Milwaukee..... 0 1 3 0 0 0 0 0 4-4
Errors—Providence, 15; Milwaukee, 17.
Two base hits—Providence, 13; Milwaukee, 7.
Runs earned—Providence, 2; Milwaukee, 3.
First base on errors—Providence, 7; Milwaukee, 5.
First base on balls—Providence, 2; Milwaukee,

Mr. James Raymond, who lives about two miles from Shopiere, has a three-year-old heifer, who gave birth the other day to a calf weighing 135 pounds, when one day old. It is of Durham and Ayrshire blood. The heifer weighs about 1200 pounds and her first calf, now a yearling heifer, weighs about 800 pounds. He may feel proud of his big stock.

Mr. Eli Proctor, of La Prairie, also has something to boast of. He put a two-day-old calf on the scales, yesterday, and found that it weighed 124 pounds. This must be a favorable season for heavy weights.

A HORRIBLE OUTRAGE.

The report comes from Brodhead that a horrible outrage was perpetrated about eight miles southwest of that place, last Thursday, the victim being a little ten year old daughter of John Krieger. It is thought that the girl will die. A man named Isaac Myess, about fifty years old, is charged with the commission of the crime, and has been arrested and held in \$1500 bail to answer to the charge.

FIVE DAYS IN THE CHAIN GANG.

The officers run in eight traps last night, three of whom, Barnard Carey James Reily and John Keith, were brought before Justice Prichard this morning. Carey was given five days in the chain gang, and the other two were allowed to leave the city. The other five were set free after breakfast this morning, and are now on the road.

Justice Prichard sentenced Stephen Cannon to five days in jail and a fine of five dollars and costs.

A SAD CASE.

A warrant in the hands of J. J. Comstock—State of Wisconsin vs. Frank Dudley—brought before Justice Balch this afternoon a young man charged with an attempt to use a large dirk-knife in an assault upon his father, S. E. Dudley, who lives in the town of Union. The parties appeared, and an adjournment of the case was taken until the 5th of July. The parties are old residents in this county, the father and mother being among the first settlers. The son of late has taken too freely of whisky, and while under that influence is in the habit of destroying things generally, so much so that his parents are afraid of him.

THE OHM MURDER.

The testimony against Frederick Ohm Jr., has been strengthened greatly in the examination at Monroe, by the fact that James Gleissner, of Monroe, swore positively that the prisoner is the man he saw on the front end of the baggage car after the train left Juda, on the morning of June 20th, it being the day after the murder. The prisoner took a seat in one of the coaches and acted so queerly that his attention was called to him so that he could not be mistaken in the man.

John Swan who keeps a store at Juda, also testified that the prisoner called at his place of business either Tuesday or Wednesday evening and asked for pistol cartridges. He told him he had none and the prisoner went out.

Mr. John Star, of Juda, swore that the prisoner, in company with a short, thick set man, stood at his counter either Tuesday or Wednesday evening, and the prisoner also asked him for pistol cartridges. The man that is said to have accompanied young Ohm is now in jail at Monroe.

The season for Coughs and Colds is now upon us. Dr. Marshall's Lung Syrup, is the greatest specific of the day. Call at the drug store and try it. Price only 25 cents a bottle. Sold by E. B. Helmstret.

The threats were not very serious, however.

NEW MAP OF WISCONSIN.

Mrs. Nicoletus & Conover, of Madison, the former of the State University, have just completed a wall map of Wisconsin. It is by far the completest, the most correct, and the most valuable sectional map of the State that has ever been published.

The Colonade Hotel, Philadelphia, is a model establishment. It is superb in both style and appointment, and its table and service cannot be exceeded.

If you have a friend who is troubled with a Cough or Cold, tell him to try Dr. Marshall's Lung Syrup. He will thank you for your advice. It only costs 25 cents a bottle. Sold by E. B. Helmstret.

The size is 55 by 72, and has required three years of hard and painstaking labor to complete it.

The publishers claim for this map, and the claim has been substantiated by critical tests, that it is exactly correct in every particular, so far as the most perfect surveys afford information. Every stream, lake, swamp, railroad and village is located with conscientious exactness upon the particular fraction of a section which it occupies.

The index border with the accompanying guide book affords unerring direction to every post office, railway station, lake, village, Indian reservation, island and meandering stream. The guide book is a neat pamphlet of forty-eight pages containing every post office, village, etc., alphabetically arranged with references to index border as above mentioned.

It is something new in map making and will be found a valuable addition to the map which it accompanies. A small political map in the left hand lower corner of the main map is also an interesting feature. Critical judges will find great satisfaction in the manner in which the mechanical work is done. Every name and line is distinctly traced. Wherever the map has been shown, it has called forth the highest praise especially from those who appreciate a good map. The price is moderate being only \$7.00.

Mr. Fred K. Conover is in the city and will bring the map to the attention of the educational and business men of Janesville.

Superintendent Whitford pronounces it unsurpassed in completeness and correctness. Prof. J. H. Carpenter, of the University, says it is a grand work and should be in every school house in the State; Prof. Edward Searing publicly states that no map of Wisconsin yet published will bear comparison with it. Such compliments as these are numbered by the hundred.

BASE BALL.

MILWAUKEE, June 25.—A small crowd greeted the Providence Club on their first appearance in the city to-day. The game was of no interest to the friends of the home Club, for it resulted disastrously to them. The score at the close was 11 to 4 in favor of the visitors. The first two or three innings were comparatively well played, but in the fourth the Milwaukees began to weaken, and the victory was an easy one for the Providence Club. The result of to-day's work has proved conclusively that the Milwaukees can do nothing until their new catcher arrives, Foley, though willing, is totally unfit to fill the position.

EVANSVILLE.

—Crops of all kinds are very much in need of rain, but especially so the tobacco. Many farmers have plants which will not come to life if a rain does not come soon, while a number have commenced watering out in order to save their plants, and we are informed that upwards of 50 acres have already been set in this way in the town of Porter.

—Our usually quiet village will celebrate the 4th of July. Already over \$100 have been raised to expend on necessary articles of amusement and committees have been appointed to make arrangements.

—Myron F. Green, of Fulton, spent last Sunday visiting in town, as a guest of Mr. Charles J. Barnes.

—The strawberry party at the residence of Mr. A. Bullard's, last week, was a very pleasant and enjoyable affair. Much credit is due Mr. and Mrs. Bullard for courtesies extended and their manner of entertainment, causing happiness and pleasure to exist throughout the entire evening.

—O. Merrill has done a good job of work on the road in front of the old Hall farm by drawing in and filling up with gravel.

—Rev. Joseph Cook lectures in the Congregational church, at Janesville, Tuesday evening July 2, on "Does Death End All?" There should be a general turnout as this will be the only opportunity for hearing this wonderful orator.

MILTON.

—Mr. Whitney, the horse buyer, shipped a car load of horses and a car load of cattle from this station to Sharon, Connecticut, Tuesday afternoon. Waterman & Co. shipped a car load of hogs and cattle to Chicago on Monday.

—P. C. Stillman and Mr. Holbrook, of Lima, had a suit in Justice Clarke's court Monday. Stillman began the suit to recover a debt, but after a number of witnesses had been examined, withdrew the suit. Hon. Pliny Norcross appeared for the defendant.

CITY NOTICES

Spalding's Glue will mend everything.

LOST!

—My black setter puppy, white on breast. Please return to me, 41 Court street, and get reward.

HARRY McKNENY.

The Word "Sozod."

Which is fast becoming a household word, is derived from the Greek, and composed of two words, *Sezo* and *Odontos*. "*Sozo*" translated, means to preserve, and "*Odontos*" the teeth—the "*Sozod*," a preserver of the teeth. And it is true to its name. For beautifying and preserving the teeth, hardening and invigorating the gums, and correcting all impurities of the breath, it is without a peer in the world.

LOCAL MATTERS

Ladies and Gentlemen will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No 29 Main street.

The season for Coughs and Colds is now upon us. Dr. Marshall's Lung Syrup, is the greatest specific of the day. Call at the drug store and try it. Price only 25 cents a bottle. Sold by E. B. Helmstret.

Timothy Seed—\$1.00 for 46 lbs according to quality
